The Home Builders & Remodelers Metro East Association will be building a new home in O'Fallon starting in January 2021 and would like to offer all local High School Students involved in Trade Classes to visit our job site during the different phases. The Construction Industry is essential and safe measures are always in place. If you are interested in scheduling visits please contact the HBR Office at 618.343.6331 or email [tbutler@hbrmea.org](mailto:tbutler@hbrmea.org)

Is your school involved with SkillsUSA Illinois?

Is a State and National membership association serving high school, college and middle school students who are preparing for careers in the trades. SkillsUSA is a partnership of students, teachers and industry working together to ensure America has a skilled workforce.

The Home Builders & Remodelers Metro East Association (HBR) would like to sponsor your students involvement in this program.

Contact Tracy Butler for more information of how to get involved at
